Monaco Yacht Show Preview

From September 26 to 29, in the iconic Port Hercules of the Principality of Monaco will host the Monaco Yacht Show to celebrate the quintessence of the superyacht lifestyle. This year more than 120 extraordinary one-off superyachts are on displayof which 40 new launches are unveiled in a worldwide debut.
Here are some of them

Tankoa Yachts

72 metre Solo
Designed by Francesco Paszkowski – Solo will make her international debut at the 2018 Monaco Yacht Show from the 26thto the 29thof September. According to Tankoa's CEO, Euro Contenti – this is a true recognition of the shipyard core values and power that irrevocably consists in building yachts with clients, not for clients.

Although reminiscent of 69-meter Saerte (project S693),***Solo*** is 3 meters longer and has a volume of approximately 1,600 Gross Registered Tons. Other key differences include catalytic underwater exhausts allowing for substantial gains of volume on all decks, smell free and smoke free outdoor decks; a larger winter garden; larger aft deck with 6-meter transversal glass pool, cut-down glass bulwarks sections for unobstructed sea views and a wide body upper deck allowing for an oversized panoramic salon. The longer waterline also allows for an optimized top speed in excess of 17 knots and reduced fuel consumption.

Solo has accommodations for **12 in six cabins**, including the master suite on the gigantic private owner's deck, a VIP suite and four doubles, two of them convertible into twins. In addition, the hair dressing/massage room and the owner's study can also be converted into additional cabins as they are both equipped with an ensuite bathroom. The VIP and Guest cabins are all on the main deck with astonishing sea views thanks to unusually large windows. The entire boat is equipped with latest collection of sofas and seating by Fendi Casa.

The **beach club**, a key feature onboard Solo, is a spacious and welcoming space. Equipped with generous sofas, bar, TV, oversized glass walled gym by Technogym with fold-out terrace, bathroom, It is also directly linked to the Spa zone. The later comes with a sauna also fitted with its own fold-out terrace for a direct dive after it, hammam and chilled water shower with temperature that can go down as far as 5o Celsius. Purists will surely appreciate!

The **upper deck** houses the paperless semi-integrated Boining wheelhouse with radio room, captain's cabin, and hair dressing/massage room. The aft section of this deck features an enormous observation loungesalon with almost floor-to-ceiling windows, 90" 4K QLED TV screen, baby grand piano, bar and ethanol encapsulated fireplace.

The wide-body **fully private owner's deck** has direct access from the touch-and-go helideck aft (rated at 4.5 tons for an Augusta 109 or most twin turbine helicopters). This exterior deck is also equipped with its own Jacuzzi, bar, salon, breakfast corner and day head with shower. A stairwell leads to the sun deck, with its shower hidden into the mast, saloon and generous sun pads.

The owner's true apartment features an **owner's study/media room**. The island bed is surrounded by **full-height windows** with180° views with direct access to two intimate side exterior saloon, shaded sun pads and Bisazza mosaic tiled glass walled Jacuzzi.

Tenders and toys storages are split between the foredeck and a twin side-loading garage, providing room for two custom-built 7.50 m tenders, PWCs and water toys. The under lower deck is devoted to laundry room, pump room, storage, additional fridge and freezer, garbage treatment plant, technical spaces and direct access to the magnificent split-level engine room.
